

*Cooperating, but never affiliating, with our professional friends since 1935*

*June 3, 2009*

Warm greetings, service family, from the department of "let's be friendly with our friends." Gosh, those two months since our Preconference Assembly flew by!

***Following are the highlights of my CPC-related activities since last we met in April:***

- 4.05.09 – Participated in the first-ever Coordinators' Inventory in Camp Verde, facilitated by Bob C., past delegate Panel 46. It was enlightening and well worth the investment of time and effort. **Many thanks to our Area Secretary Cheryl F.** for sticking around after the Assembly was adjourned to record our session, **and of course, to Bob C.**
- Shortly after distributing 10 copies of a CD of both the Health & Corrections/Legal Professionals streaming video segments from G.S.O.'s website, I learned that technology had struck again; that the CD didn't play. Through much outside assistance, I've now obtained 15 copies that are more useful than coasters for glasses. **Thanks, John S., and to your son,** for your persistence! **ATTENTION: If you picked up a copy of that CD @ our Roundtable in Camp Verde, please see me to get a version that actually works! ☺ Progress, nowhere NEAR perfection...**
- 4.18.09 – Participated in workshop hosted by 08-813 along with our Alternate Chair and several other Area coordinators, along with Bridging the Gap folks in District 8. **Thanks to Bob E., DCM,** for inviting me and to the committee for feeding me☺; always appreciated!
- Week of 5.10.09 – **Thanks to Sean C.,** Area webservant and co-chair for the First Biennial Coordinators Conference, for his outstanding diligence and design ideas in creating the initial flier for this event. **Thanks also to Paz P.,** Spanish coordinator, for so promptly translating the flier and distributing it electronically to the Spanish community. 250 copies are available at this Assembly; please help spread the word to your local districts, home groups, and even share them at fellowship events (heck, it's Roundup season!). Speaking of which, I delivered 80 copies to the Flagstaff Roundup (snow on the peaks and cold rain didn't dampen the attendance or enthusiasm!). **MARK YOUR CALENDARS...SEPTEMBER 26, 2009, 11:30 A – 4:00 P!**
- In mid-May, I spoke with J.D., PI/CPC, East Valley Intergroup, and John W., PI/CPC for Agua Fria IG, relative to concerns and ideas to build interest in and understanding of the purpose and goal of C.P.C. efforts by the fellowship. We discussed a wide range of topics, including the perpetual "is it promotion or attraction" question, the electronic resources available through both [www.aa.org](http://www.aa.org) and [www.aagrapevine.org](http://www.aagrapevine.org), guidelines published by G.S.O., and booths/tables at public events.
- Week of 5.24.09 – scanned and distributed both the English and Spanish C.P.C. Activity updates received from Mary D., Assignment Desk, G.S.O., along with the most recent version of our PI/CPC News Exchange. Limited print copies of both documents were available at the Roundtable in Alpine (this morning, if you're hearing this from the microphone). I encourage all members involved in either PI or CPC work to subscribe to this wonderful fellowship sharing tool. On 5.25, I updated all panel and roundtable contacts from the start of the current rotation; distributed Arizona update to all those for whom I have current e-mail addresses.  
**NOTE: IF YOU RECEIVE THESE UPDATES AND DO NOT ANY LONGER WISH TO, DROP ME A NOTE, AND THANKS!**
- On a personal note, I want to share my **gratitude for the love, support, and prayers** I have received during my recent health challenge and the adventures around it. Thanks to you, I didn't have to feel alone and afraid during the journey. Finally, **thanks to those who joined in celebrating 17 years** of continuous sobriety with me on May 13<sup>th</sup>; what a blast!

*In fellowship and service,*

*LinMarie*
