

District 03-301 DCM Report
January 13, 2009
Kyle H., DCM

Happy 2009 Service Family! I hope your holidays were all that you had hoped and that the New Year has started off with a Bang!

This has been a quiet month. I did receive a couple of replies from groups regarding the delegates request for input on GSO being fully self supporting without literature profits and forwarded them onto him. The reply I got from him was that a majority of the replies that he has gotten from Arizona Area indicate a strong desire for things to remain as they are. I am sure this is not the last we have heard about this topic from GSO.

I updated the GSR flier that we talked briefly about last month. I have changed the formatting a little and added some information that hopefully makes it clearer. I welcome any suggestions that you all have and hope that we can work together to get copies out to the groups in our district and common meeting areas.

I have contacted the district coordinators and am putting together a coordinators meeting again this year. It was quite successful last year and I am hoping that it will be just as good this year, if not better.

On the agenda we have a new business item regarding the possible joint Founders Day event with Intergroup which will include the District Open House. I encourage everyone to participate in the planning process and will be calling for a committee to be formed to work with Intergroup on the planning for the event.

I have sent an email to the registrar again to get an updated listing of the registered groups in our district to make sure everyone is listed correctly and get panel assignments again. If you are a new GSR and have not gotten your GSR packet from GSO and don't know your panel assignment, please see me right away so we can get your info submitted ASAP. The next assembly is April 3-5 so I want to make sure that all GSR's are properly registered.

I am looking forward to this second year of the rotation and again, am offering to attend home group meetings to talk about whatever your groups may be interested in including 7th Tradition, General Service in a nutshell, and needs in our area. Since this is the second year of the rotation, talking about rotation and getting new folks involved is going to be important this year. In 2008, I attended 2 home group meetings by request and facilitated one group inventory. I would like to remind everyone that I am not going to just "barge in" on your group meetings. I have my date book with me, so please see me after the meeting, send me an email, or give me a call if you would like a group visit. Please let me know what topic your group would like to discuss. I am here to serve you and the groups in this district.
