

03-301 DCM Report
5-12-09
Kyle H., DCM

Happy Summer Everyone! Hope you are all enjoying the warmer weather! I apologize for not being at the meeting tonight. I am attending a health related meeting. Thanks to LinMarie for being willing to chair the meeting tonight in my place.

This report is going to be short and sweet! I have submitted 2 new GSR forms to the registrar to get the new GSR's for Morning After and Young People's groups taken care of. If you visit a group that does not have a GSR, get the word out there so we can have more of Flagstaff represented. I also got word that the GSR for the Monday Night Westside Smokeless has officially stepped down, so that group.

I had the privilege of participating in a workshop in Prescott and shared on my experience with sponsorship. Dennis H. shared on the different forms of service and Jim G., the Area Alternate Chair did a presentation on the differences between a meeting, home group, and some of the suggestions from GSO about how to start a group. It was attended by about 25 folks and was a good time. Speaking of workshops, Betty has asked that a few folks be willing to work on the Fall Into Service Workshop for this year. On tonight's agenda, there is an item of new business to get those volunteers.

Don't forget the Post Conference Assembly is June 13th in Alpine. Please get registered early to help the host committee defray costs. Also, the August Assembly is coming fast. The next assembly planning meeting is going to be June 20th. If you are interested in helping out, please be at the Woodlands Café at 11:30am.

I have not heard from anyone in 03-300, but did see a report from Penny K., who is now the mail contact for that district in the Area Newsletter. I am grateful that there is still activity going on up there.

I continue to stand ready to do group visits and assist if I can. Please contact me if your group is interested.

Yours in Service,
Kyle H.
