

District 03-301
DCM Report
October 13, 2009

Thanks to Jesse to took the minutes last week. I have typed them up and hope I didn't miss anything.

It has been a quite month. The workshop was fantastic and I would like to thank Betty for her efforts in getting this done. The foundation house guys were great with the food and the panels were awesome. Once again, it was a successful service workshop!

Just a friendly reminder, that elections will be held during our November district meeting. This will be right after the Election assembly during our Thanks Potluck. We will meet at the Alano Club in the back room by Central Office. Bring a dish to share. Please be thinking about what capacity you are interested in serving in for next rotation Please feel to invite people to the district meetings so that we can try to some new interest in general service. I have been in contact with Pat in Page about whether or not there is anyone up there interested in DCMC as that position is for the entire county. At this time there is no interest, but who knows what will happen in the next month.

It is also almost time to work on next years budget. Next month, after elections, we will form the budget committee. This committee will be composed of the current and newly elected DCM and Treasurer, DCMC elect , and 2-3 other district committee members. The goal is to have the committee meet in November so that we can vote on the budget in December. Please be thinking about whether or not you want to participate on this committee.

As this rotation starts to comes to a close, I have been reflecting on how this last 2 years has gone. We have done some great work in getting the word out there about service. We have improved communication both in the district as well as outside the district. We have reached out to remote areas and supported meetings and groups that may not have otherwise gotten much support. The number of GSR's we have has increased. We have had increased participation at the area assemblies. The work on AA continues, and we have made a difference. Great Job to everyone!

Don't forget to ride share and room share for the assembly in Greenvally!

I do have available time so if anyone would like to have a group visit, please let me know.

In Service,
Kyle H., DCM
