

District 03-Coconino County DCMC Report
Kyle H., DCMC
October 12, 2010

It has been somewhat of a quiet month for me which has been a blessing as there has been much of life going on for me. I did attend the Convention handoff meeting and chaired the planning meeting here in Flag. I also have assisted with the planning of the Fall into Service Workshop that has been moved to October 23rd. Fliers are available on the back table.

If you have not yet registered for the November assembly, I encourage you to do so. We will be working on the budget and there are just a few motions that will be reviewed in panels.

With regards to the DCMC budget and expenses for the remainder of the year, I do not wish to place any additional financial hardship on the district since our contributions are so far down for this year, and I have exceeded my budget. Therefore, I have decided to cover my own expenses for the assembly and do not foresee any other expenses for the remainder of the year. When we have our budget discussion tonight, I recommend that the DCMC budget be increased by \$412 to cover the overage to date.

I have forwarded to Keith current numbers on airfares for PRASSA for next year for district consideration in the continued conversation about that topic.

I am available if anyone would like my assistance with anything. I thank you for giving me the privilege of being of service to the district.

Total reimbursement requested: None
