

## DCM Report

It has been a busy month, mostly at work. I did host the 2012 district budget meeting. This will be presented tonight.

I attended the November Assembly in Yuma this past weekend. It was interesting. I sat in on the Corrections Panel as an observer. They had one motion that was voted down (Have the Corrections Conference every other year.).

After several changes the 2012 Area budget was approved.

It was fascinating to participate in the election process. Flagstaff was well represented as Karen S. was elected as the Area Remote Communities Coordinator and Kyle H. Was elected as the Area Literature Coordinator. Congratulations to both!

Some concern arose yesterday regarding the motion related to corrections passed last month. I am available to work with any groups or individuals to work to a better understand of these issues. My one request is that we be specific with our concerns regarding this topic or any others.

Thanks for letting me be of service, Keith A.
